

Queensland Reconstruction Authority

10 June 2011

Mr Paul Kahlert
General Manager
All Purpose Transport
58 Reginald Street
Rocklea Qld 4106

Dear Paul

Thank you for All Purpose Transport's generous contribution to Queensland's reconstruction effort.

Queensland was dealt some heavy blows earlier this year and the support and generosity flowing into Queensland from companies like All Purpose Transport has been fundamental in lifting the spirits of devastated communities and has been crucial to the reconstruction effort.

The Queensland Reconstruction Authority is tasked with reconnecting, rebuilding and improving Queensland, its communities and economy and has been working closely with partners and communities throughout the State to determine what needs to be done.

The contribution of All Purpose Transport in providing free storage, insurance and transportation of donated whitegoods to affected non-for-profit organisations throughout South East Queensland provided tremendous assistance to the Authority with its task.

The recovery and reconstruction phase will not be a quick sprint; it will be a marathon effort requiring ongoing support and I thank you for All Purpose Transport's generosity to the Queensland community.

Yours sincerely

Mick Slater
Major General
Chair, Queensland Reconstruction Authority
